

# Winter Tales

Font trio + hand drawn vector illustrations

By Anna Ivanir

Introducing my new cozy font family "Winter Tales".

This trio has script version, san serif regular and san serif bold. It will be a lots of pleasure to create your designs with these three "guys".

For even more fun there are lots of hand drawn vector illustrations, seamless patterns, swirls and textures included.

## Fonts included in this family:

Script font

San Serif Regular

San Serif Bold

Web fonts

Illustrations and vector elements:

45 Vector Illustrations

4 floral frames

9 vector seamless patterns

11 hand drawn swirls

9 vector grunge textures

9 vector pattern brushes for borders

## Software Compatibility for the illustrations –

vector files will work with Adobe Illustrator CS3 or newer.

## How to install the pattern brushes:

To use the brushes you should just open the file, choose the brush you want to use and start creating!

Alternatively - you can install this files in the main Illustrator folder on you computer.

Find the location of main illustrator folder on your computer.

Inside the main folder find the "Presets" folder.

Then you will see the "Brushes" folder.

Copy the files with the brushes to this folder.

When you open illustrator, open brush panel, go to the drop down menu on the right corner of the brush panel, find the "open brush library" option.

Here you will see the brushes you just installed.

The Main file includes all the brushes in one file with example on the artboard.

You can open it, choose the desired brush and copy paste it to the document where you are creating.

In case you have comments or questions send me a message.

Happy creations!
